

# Deer Hunting

a story by Lennox Gray

I am going hunting.

Sue, the hunting dog, is  
still in the kennel.

I will take her on the  
hunt too.

I am going to shoot  
some deer in the forest  
on a sunny day.

I saw a deer in the forest  
and I got ready to shoot  
the deer.

I lined up the deer with  
the gun.

My dog barked and the  
deer ran away.

I see another deer. I line  
it up.

I hope this deer does not  
run away.

I saw another deer and  
I shot it.

My dog Sue bit the deer on the leg. I get ready to carry it home.

I carry the deer back home.

I am home ready to skin  
the deer.

I am tired.

I am skinning the deer.

It is hard work.
